

BFC News Blast August 2013

- Orders are due July 23rd, 2013
- Distribution will be on August 6th, 2013
- Board meeting on August 13th @ Denise Hauk's house @ 11:00 AM-please RSVP

Hello Co-ops! I hope July is treating you all well and you are staying cool! Just some things to note.

- When distributing Motave Meadows greens, please do not put them in the coolers. Just place them with the member's order and let the member decide whether or not to chill their greens. Several bags of greens were frozen last month accidentally when placed too close to the ice.
- As a courtesy to other members, when ordering UNFI, be sure to note the number of items that come in the case and count how many other items have already been ordered by other members. For example, for the item "Amy's Mac & Cheese" if you look at the column titled "pack size" you may see 12/9oz. That means that the case contains 12 boxes of 9 ounce packages. If by counting, you see that two members have ordered six boxes each, for a total of 12, then that case is closed. You are more than welcome to begin a new case, but please go to the message board and announce that you are opening a new case and would like help filling it. This is especially important when the due date is getting close. Otherwise, you are always welcome to order a full case to ensure that you get what you want. Squeezing your order into the current case means that the other members who ordered earlier than you will not get the number of items that they ordered. Boo!!!!
- As always, though we have a general date for orders to be due on Tuesday, please feel free to shop UNFI and Frontier until the following Sunday by 6:00PM.
- We are going to start investigating ordering products from Wilderness Family Naturals focusing on products that we cannot get from UNFI. These will be ordered for the extras table. Michelle will send out an email regarding this at a later date.
- Beeswax is available! We are going to order 25 lbs. so that we get the \$4.50 a lb. rate. Please order through Christie Winch.
