

VENDOR 1: ZINGERMAN'S BAKEHOUSE AND CREAMERY

Zingerman's of Ann Arbor produces a wonderful crusty bread, hand-made out of quality ingredients with no fat or preservatives. Zingerman's pastry kitchen also does all of their baking from scratch, preparing their own fruit fillings, roasting the nuts, and making their own butter creams for their tortes. Eggs are delivered fresh from a local supplier and the milk products come from Guernsey. Zingerman's Creamery makes handmade fresh cheeses that are bringing the dairy industry back 100 years. Made without modern fillers that get in the way of flavor, these cheeses taste of fresh milk and cream the way fresh cheeses did in the 19th century. Look for Zingerman's on the web at <http://www.zingermans.com>.
